

May is National Foster Care Month

During National Foster Care Month, we are thankful for our Court Appointed Special Advocate (CASA) volunteers who bring stability and hope to each foster child they serve.

There are more than 1600 children in Silicon Valley, 1200 of which live in Santa Clara County and would benefit from having a CASA. These children are in foster care through no fault of their own. Imagine their situation:

- Being 12 years old and not having a mother, father or any family member
- Moving three to four times and changing schools
- Having no one to cheer from the sidelines at your soccer game and having no money for a team uniform

[Your ongoing support](#) enables our volunteer CASAs to help children develop a sense of self-worth and nurture dreams for the future - thank you! [Read some of the reasons](#) why our volunteers dedicate their time to help our most vulnerable children.

Cal CASA Video Depicts Young Girl's Experience in the Dependency System

5K Run/Walk to Benefit Foster Youth

Ever wonder what it's like for foster children when they enter the dependency system? **During National Foster Care Month**, we thought you might like to take a journey through the California Juvenile Dependency Court system to see what many foster children experience, and how a Court Appointed Special Advocate (CASA) volunteer can help through friendship and advocacy.
